

parents,  
are you  
nervous  
talking to your kids  
about sex?!

Sex is everywhere. We see it on television, billboards, hear it in music, and more. How do we talk to our children about sex in this sexualized culture?

On May 9, **Deacon Dean & Lori Vernon** will guide us to:

- 
- Hear from a couple about what they did well and what they would have done differently with their own children.
  - Receive witnesses from two young people of their journeys in this sexualized world.
  - Discuss with other parents their experiences, fears, and hopes.

Please join us on **May 9** from **6:30 – 8 pm**  
in the **Saint Thomas Ministry Center**.
